FORM CRS (Client Relationship Summary)

FIRST Financial Group Corporation is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This Client Relationship Summary describes the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We primarily offer the following investment advisory services to retail investors: **Portfolio Management Services; Financial Planning Services; and, Portfolio Consulting Services.** For a description of each service, please refer to our Form ADV Part 2A (Items 4, 5, 7, 13 & 16, among others) by clicking the following link: [ADV Part 2](#) (the full URL for the aforementioned hyperlink is: <https://adviserinfo.sec.gov/firm/brochure/134006>).

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis and will review your account at least semi-annually.

Investment Authority: We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. We will also have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

Investment Offerings: We primarily use exchange-traded funds (ETFs) and mutual funds to implement client portfolios. However, we provide advice on various types of investments and do not limit our advice to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum of \$325,000 to open and maintain an advisory account. At our discretion, we may waive this minimum account size.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs that you might pay when engaging our firm for investment advisory services:

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are based on the value of your account, we have an incentive to increase your account value which creates a conflict;
- **Hourly Fees** - Payable in arrears; and,
- **Fixed Fees** - Generally, fees are billed in four separate installments with the first payment due at the inception of the financial services relationship, and the next three remaining payments due on a quarterly basis at the beginning of each of the remaining quarters.

Examples of other fees and costs that could possibly, but not always, apply to our clients are: Custodian fees; Account maintenance fees; Fees related to mutual funds and exchange-traded funds; and, Transaction charges and related costs when purchasing or selling securities.

For detailed information, please refer to our Form ADV Part 2 by clicking this link: [ADV Part 2](#)

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:

- ***Third-Party Payments***: Our firm's financial professionals may be licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products, which is separate and in addition to our advisory fees. This practice presents a conflict of interest because they have a financial incentive to recommend insurance products to you. Although there are conflicts associated with commission-based compensation, we believe that these outside capabilities enable us to offer additional services and products that may benefit you.

Please refer to our ADV Part 2 by clicking this link to help you understand what conflicts exist: [ADV Part 2](#)

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

How do your financial professionals make money?

The financial professionals servicing your account(s) are compensated by salary, which is generally based on the amount of client assets they service, the time and complexity required to meet a client's needs, and/or the revenue the firm earns from the financial professionals' services or recommendations. Certain financial professionals receive commission-based compensation based on the insurance products sold (i.e. differential compensation or commission) in their separate capacity as a licensed insurance agent.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
